A large and stunning exhibition of recent work by acclaimed Southwest artist Page Allen will open Friday, May 9th at Owings-Dewey Fine Art. On display through June 11th will be an exciting mix of oils, watercolors and monotypes. Over the years Allen has explored various subjects while her work has always found itself in a space where abstraction, figuration and symbolism meet.

The forty-six works on display in this exhibition contain many of Allen's familiar western themes, but the work also focuses on the simple objects and activities of everyday life. Of note are several oils depicting scenes from Maine and Europe, which serve as wonderful compliments to her beloved Southwest scenes. We do hope that you will have a chance to see this beautifully conceived and executed exhibition by one of today's most highly acclaimed Southwest artists.

Please contact Laura Widmar at (505) 982-6244 for further information or images. The exhibition can also be viewed in its entirety at www.owingsdewey.com.
